DA VINCI 'S BOX

A tool for developing group dynamics in the format of "Escape Room". In a nerve-racking battle against the clock, the challenge is to open a safety box before the time runs out. Each team gets its own locked box, containing another five locked boxes. You will solve puzzles and crack codes to get closer to the goal, finding the final code for the safe. Problem solving, communication, creativity and logical thinking are put to the test. The group's different competencies and ability to work together are a prerequisite for solving the task. The only way to open the box, is to think outside the box.

Minimum number: 10

Time: 1-1,5 hour

Price: 590 sek / person

URSPÅRAT / OFF TRACK

Do you recognize the roads, the nature, or can the clues make you guess the place? We are inspired by a classic Swedish immensely popular TV show, broadcasted since 1987. The teams compete in guessing where we are going, and the faster you find the answer the more points you earn. Questions related to the sites will be answered but other bonus questions may arise.

Minimum number: 10

Time: 1-1,5 hour

Price: 637 sek / person

ROCKET SCIENCE

In Rocket Science, the teams will build a water rocket that sends an egg 30 m up in the air, where the challenge is to keep the egg undamaged as it lands. With limited material, the participants will construct a working rocket and build a device that protects the egg from breaking. In the dramatic ending the team's constructions get to confess color. Rocket Science is a fantastically fun team exercise for large and small groups where creativity is in focal point when you develop communication and group dynamics.

An entertaining way to get to know each other's knowledge and qualities.
